## "BATTLE OF THE BEES" ANNUAL SPELLING BEE COMPETITION

We are delighted to share the exciting news of our annual Spelling Bee competition. The event was a tremendous success, with students showcasing their exceptional spelling skills and competing in a challenging yet supportive environment.

January 25,  
2024

### ROUNDS & PREPARATION

Our Spelling Bee competition featured students from various grades who demonstrated their mastery of vocabulary and spelling abilities. We were thrilled to see that many students eagerly participated to obtain the title of SPELL MASTER.

### BENEFITS

- Enhance vocabulary
- Develop a competitive spirit.
- Build confidence and public speaking skills

## SPELLING BEE COMPETITION FORMAT:

### Format:

The Spelling Bee followed a traditional format where students took turns spelling words aloud in front of a panel of judges. The competition progressed through multiple rounds, with words increasing in difficulty as the competition advanced.

### IMMEDIATE REWARDS DURING THE COMPETITION

The Spelling Bee allowed participants to demonstrate their spelling skills and compete with their peers. Participants received certificates of participation, and the winners were awarded with special prizes and recognition for their outstanding performances.

WHAT'S  
NEW?

Welcome to  
the Annual  
Science  
Fair!

We are thrilled to welcome you to Annual Science Fair, a celebration of curiosity, innovation, and scientific discovery. This event brings together bright minds from our community to showcase their fascinating projects and share their passion for science.

Our science fair is more than just a competition; it's a platform for young scientists to explore their interests, challenge their understanding, and inspire others. We are proud to support and highlight the incredible work of our participants, who have dedicated countless hours to their projects.

# SCHOOL SCIENCE FAIR

the day, you'll have the opportunity to witness a diverse array of experiments and inventions, engage with insightful presentations, and interact with experts in various fields. Whether you are a participant, judge, volunteer, or spectator, your presence contributes to the vibrant atmosphere of learning and discovery that defines our science fair.

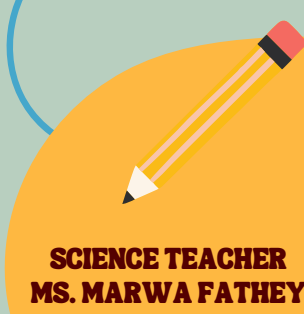

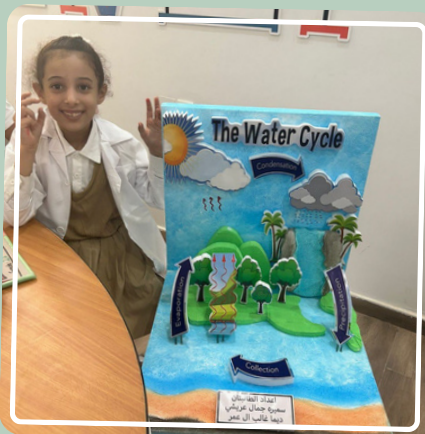

Why is  
science  
inspiring?

Studying Science Inspires  
Curiosity and an Attitude of  
Discovery.

# ME & SCIENCE PROGRAM (FIRST SEMESTER)

October 19, 2023

It is a motivational educational program for students by creating competition and interaction between them. The program aimed to help them understand the lessons in a simplified way by linking between theoretical and practical study.

# Arab Chemistry Week

October 29, 2023

## Objectives

1. Introduce some famous Arabic scientists to the students.
2. Improve their knowledge in experimental Chemistry.
3. Induce the self-confidence of the students.
4. Improve the knowledge of students toward simple chemical reactions.

Malak Hakamy

Noura Ahmed

# SCHOOL Hackathon

Computer edition

Welcome to our exciting Technology Hackathon! Our school is buzzing with creativity and technology.

In summary, the goal of the hackathon is to present students' creative solutions for modern technical projects, social good projects, or problems facing our society. We value your ideas.

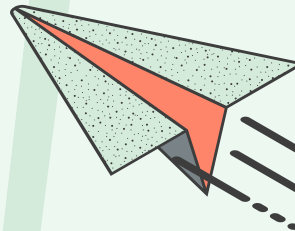

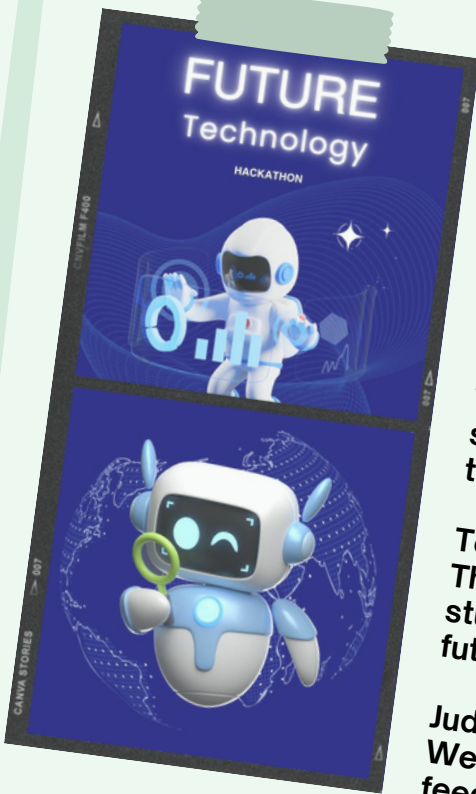

Students,  
Your excitement and curiosity inspire us all. This hackathon is your chance to shine and show off your skills. Use this opportunity to think big and be creative!

Teachers and Managers,  
Thank you for guiding and supporting our students. Your dedication helps shape their futures. We appreciate everything you do.

Judges,  
We are grateful for your expertise. Your feedback will help find the best projects and guide our students to success.

We work together to create new ideas and solutions. Let's support and encourage each other as we explore the power of technology.

This hackathon is more than just an event; it's a celebration of the human spirit of innovation. Let's open our minds and embrace the potential of technology to create positive change.

what's new?

## About Our event

# EVENT LINEUP: STUDENT PRESENTATIONS

## Girls!

### Grade 3 Boys:

They talked about game development, discussing what it involves and the challenges. In addition, they used Scratch to develop a game.

### Grade 4 Boys:

Next, we had a presentation on creating games using Roblox Studio. These talented students showcase games they have personally developed.

## Boys!

### Grade 3 Girls:

These bright minds talked about game developers and the benefits of games. This is indeed an exciting topic.

### Grade 4 Girls:

Prepare to be amazed by their innovative idea of a smart table with a hand robot assistant designed to assist with office tasks. This is a novel concept!

### Grade 5 Girls:

Meet Amanda, a personal assistant for e-commerce online shopping. These students demonstrated how Amanda can enhance your shopping experience.

### Grade 6:

Finally, we had a presentation on an instant translation application that converts speech into sign language and vice versa, facilitating communication with deaf individuals.

For the Girls:

- Best Idea: Grade 5 Girls
- Best Presentation: Grade 6 Girls
- Best Teamwork: Grade 4 Girls
- Best Design: Grade 3 Girls

Thank you all for your outstanding contributions! Your creativity and hard work have made this event a tremendous success.

## END OF THE DAY

**THANK YOU ALL FOR BEING A PART OF THIS MEMORABLE EVENT.**

As we conclude this remarkable Technology Hackathon, I am filled with pride and gratitude for everyone's participation. The ideas presented were truly inspiring, and the performance of our dear students was exceptional. Thank you, and we look forward to seeing you at our next event. Have a wonderful day!

Ms. Safia Alakbari  
Computer Science Teacher

## Judging Results:

For the Boys:

- Best Idea: Grade 4 Boys
- Best Design: Grade 4 Boys
- Best Presentation: Grade 3 Boys
- Best Teamwork: Grade 3 Boys

Let's Start!

# اللغة العربية

لغة ال

ض

(إنّ الذي ملأ اللغات محاسناً جعل الجمال وسره في الضاد)

تتميز اللغة العربية بماض أصيل؛ فهي واحدة من أقدم اللغات في تاريخ البشرية. وهي اللغة التي أنزل الله تعالى بها القرآن الكريم على محمد صلى الله عليه وسلم قبل أكثر من 1400 عام.

اكتسبت اللغة العربية الجمال والإبداع من جمال حروفها عندما تنطق، وتسمع، وتكتب

تكاد تصور ألفاظها مشاهد الطبيعة، وتمثل كلماتها خطرات النفوس، وتكاد تتجلى معانيها في أجراس الألفاظ، كأنما كلماتها خطوات الضمير ونبضات القلوب ونبرات الحياة.

مدارس خطوة أولى عالمية

تقوم بأول خطوة من تعلم الحروف إلى الكلمات ومنها نبحر بالجمل وننتهي بالنصوص القرائية. وطبقنا من خلال هذه المسيرة بعض الأنشطة التي تقوي التعلم من خلال استخدام التعلم النشط والاستراتيجيات المتنوعة التي تراعي الفروق الفردية (المحسوسات السمعية، البصرية، الحركية، الحسية).

وكان لنا حكاية في كل حرف من الحروف الهجائية والمهارات اللغوية والقرائية

بصمتنا باللغة العربية.
